

## Associated Diagram

Can you complete the life cycle of a human?

Can you complete the life cycle of a frog?

## Sticky Knowledge

What are the 3 basic needs of animals, including humans, which they need in order to survive?

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

Do all offspring look like their mothers? Yes / No

How do you know this? Give an example:

---

---

Circle all the healthy choices:

- |          |              |              |               |             |            |       |
|----------|--------------|--------------|---------------|-------------|------------|-------|
| Running  | Ice-cream    | Swimming     | Fresh Fruit   | Watching TV | Dancing    |       |
| Milk     | Fizzy drinks | Fish & Chips | Washing hands | Sitting     | Bike Rides |       |
| Takeaway | Walking      | Yoga         | Sweets        | Vegetables  | Burgers    | Salad |

Suggest three things that I could start doing in order to make my body more healthy:

1. Food: \_\_\_\_\_
2. Drinks: \_\_\_\_\_
3. Exercise: \_\_\_\_\_

Name two things that might happen to our bodies if we do not exercise and eat healthy foods?

1. \_\_\_\_\_
2. \_\_\_\_\_

# SCIENCE Biology: Animals inc. humans

## Subject Specific Vocabulary
